

WHAT YOU NEED TO DO BEFORE WE TREAT

- Seal up any open food.
- Clear out cabinets and cupboards in kitchen (in case we need to treat them)
- Clean up any and all food scraps and residue (stove top, microwave, toaster, etc.)
- Clear off counter tops, sweep floor in kitchen, bathrooms, closets, and any other infested areas.
- Clear out any clutter from infested areas.

NOTE: Furniture & Appliances – Our technicians aren't allowed to move your furniture or appliances. If the pest problems are in or around them, please have them moved so we can treat those hard to reach areas. If you're in an apartment, please reach out to maintenance regarding moving your appliances.

WHAT YOU NEED TO DO AFTER WE TREAT

- Give all product time to dry and seal to the surfaces (about 3 hours).
- Allow treated area to ventilate during the drying process.
- DO NOT** wipe up roach bait.
- DO NOT** dispose of sticky traps even if full, technician will replace them on next visit.
- Always keep infested areas clean and never let food, crumbs, wrappers sit out.
- Update technician on progress during the next treatment!

REQUIRED FOLLOW UP TREATMENT

- Contact our office to schedule a required (no additional cost) 14 day follow-up treatment. This is vital to getting ahead of their reproductive cycle. You must be home so we can re-treat inside.

NOTE: For customers on a quarterly pest plan - This is an entirely separate follow-up treatment specifically for German roaches. Your first quarterly treatment will still occur after 30 days from your initial treatment in order to treat for all the other pests included with your quarterly pest service. Your quarterly treatments will be automatically scheduled by Valor.
